Dance

at Stairway of the Stars

4 & 5 YEAR OLDS

Introduce your child to the world of dance through music and movement. This class will begin to teach your child dance terminology. Students will use props (scarves, balls and more) while getting introduced to both ballet steps and the ballet barre.

6 YEARS & UP

This is our combination class for beginners through advanced.

All dancers will be introduced to ballet, jazz & tap. Class begins with a set of warm-ups & stretches, followed by ballet technique. The class includes jazz, across-the-floor technique, turns, combinations and popular hip-hop routines. Then it's time to tap! All tap classes follow the Al Gilbert method for warm-ups & barre and finish with a practice routine.

STRICT BALLET & POINTE

For serious advanced dancers only. Strict ballet classes are recommended to students who show great interest in becoming a dancer or furthering their abilities in dance.
